

FRAMSDEN PARISH COUNCIL

All Councillors are reminded of their obligations under the Code of Conduct Regulations.

Minutes of the Meeting held on Thursday 11th January 2024 at Framsdén Village Hall

Attendance	Dominic Vaughan (DV)	Ian Seager (IS)	Neil Mellor (NM)
	Claire Macaulay (CM)	Glen Buckingham (GB)	
	Sarah Clare (Clerk)	Nick Hardingham (NH) District Councillor	Matthew Hicks (MHi) County Councillor

Public present at the meeting: 0

FPC 24-01-01 Appointment of Chair

DV was nominated as Chair by CM, GB seconded, all voted in favour and **IT WAS SO RESOLVED**

The acceptance of office form was signed

FPC 24-01-02 Apologies for Absence

Nicola Whitmore (NW) was unable to attend due to personal commitments and had sent her apologies. The Council accepted.

FPC 24-01-03 Declaration of Interests

CM declared interest in FPC 24-01-10 b) ii) as a director of Sustainable Framsdén.

FPC 24-01-04 Public Forum

None

FPC 24-01-05 To Receive District Councillor's Report – District Councillor Nick Hardingham (NH)

The most recent report from the District Councillor was presented to the Council and is now posted on the village website www.framsdén.onesuffolk.net

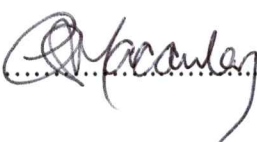

NH brought attention to the following:

Mid Suffolk currently has around 680 long term empty homes and there are plans to incentivise owners to bring these back into use, thereby reducing the pressures on housing needs. Currently these homes only pay 50% rate on their council tax, but this reduction will gradually be removed, with multiples of council tax due on some of the extreme cases (up to 300% for a home left empty for ten years or more). There will be exceptions for properties involved in probate, or undergoing major repairs, but second homes will also have their current reduction removed and will be expected to pay the full council tax from April 2025 if the plans are approved.

The annual greenhouse gas emissions report has been published, showing significant reductions since 2018/2019. The biggest cause of emissions are the District's leisure centres, but work is ongoing to put in heat exchanges and recovery systems. These first steps are the easy ones, it is going to get progressively more difficult to make big savings, but care homes and council houses are next on the list to be looked at.

A public forum to discuss the recent flooding will be taking place at Debenham Community Centre on 26th January, representatives from County and District Councils and the Environment Agency will be present.

A full business case is being put forward to progress improvements in sports facilities in Stowmarket, it is hoped that the first stage will start this year.

Signed  (Chair of meeting authorising minutes) Signed  (Clerk)

The Cosy Homes initiative has been launched, with £2 million available. Eligible homes can apply for fully funded energy efficiency measures, full details are available on the Mid Suffolk District Council website.

The annual review of fees and charges has taken place. There are core statutory services that the District Council cannot charge for, but the charges for some of the discretionary services are having to be increased to balance the books.

86 new Council homes were brought into use across Mid Suffolk in 2023, along with a number of 'affordable' housing developments. However, as part of the Joint Local Plan the District has put out a Call for Sites for future residential development. The window closes in mid-February, any bids submitted are not guaranteed for development, as the full planning application process must still be adhered to.

CM thanked NH for the work that he had put into progressing the issues raised around the land at Tollgate Corner. CM understands that the District Council's legal team are meeting at the end of January to consider the future of the land and asked whether NH could be involved in this process if possible. NH agreed to make enquiries.

CM asked about the EPC rating of the new Council homes. NH was unsure what the currently specifications were, but understands that 'C' rating is the standard that most developers aim for. CM suggested that as 'C' was mid-range, the District Council should push for a better grade on their new housing as part of the specifications agreed when instructions are given. NH said he would take the feedback to the relevant department.

CM also asked about how to access information from other home insulation schemes, (other than the Cosy Homes Scheme) where match-funding available for energy saving schemes, which was not subject to income. NH said that he understood that there was a full list of schemes that had been compiled and would forward this on

FPC 24-01-06 To Receive County Councillor's Report – County Councillor Matthew Hicks

The most recent report from the County Councillor had been received, circulated to the Council and posted on the village website www.framsden.onesuffolk.net

MHi brought attention to the following:

The setting of the County Council budget had not been an easy matter this year. Due to the increased demand from children's services (an additional £42.7 million) and adult social care (an additional £29.9 million) there is a need to save about £65 million over the next two years. In order to meet this saving major restructuring across the Council is required, which will mean a loss of staff posts in all sectors. Partly this is due to the increase in the living wage, which will add £3.5 million to the staff wage bill, even with the proposed staff cuts. Additionally grants to arts and museums (about £½ million each year) have been stopped. The County Council may still fund specific projects, but cannot continue to fund revenue expenses. This stopping of funding has generated big headlines, but in truth it was a very small percentage of the overall funding for the various theatres and museums affected. Savings will also be made by centralising the archives at The Hold in Ipswich and closing down the branches in West Suffolk and Lowestoft. Overall, the budget is £752 million, but around 75% of this goes on the two key areas of children's services and adult social care, as a result there will be a 2% increase in the adult social care precept and a 2.99% increase on the general precept, giving a total of 4.99% increase on Council Tax bills – the maximum permitted.

There has been an increase in scam texts and emails, fake websites and bogus charities in recent weeks. Trading Standards are asking people to be particularly vigilant and more information is available on the County Council website or via the County Councillor's report (which is uploaded to the Framsdens village website)

The Foxhall recycling centre has now reopened ahead of schedule. It is now a much more efficient site and the most used waste site in Suffolk.

Information on the schedule for gritting of roads during winter is available on the one.network website which can be accessed from the Suffolk County Council website (choose roads & transport and then highway maintenance)

GB asked about progress with the investigations into the recent flooding. MHi explained that the County Council has set aside a million pounds to recruit staff to deal with the huge number of Section 19 investigations that are needed in the wake of the late 2023 storms. Usually only about 3 or 4 are carried out in the county

Signed  Chair of meeting authorising minutes) Signed  (Clerk)

each year, there are currently about 100 required. Framsdon is quite high on the list of villages that are being due investigations, currently sitting number 10 out of 48 on the list.

GB expressed concern that local people who have the expertise of hydrology in their area could provide the County Council with the necessary information and asked whether it was necessary to recruit so many new people, who don't necessarily understand the local area. MHi explained that it is a requirement that the investigations need to be fully independent and that not all villages will have someone with the required local knowledge, the recruitment process will ensure that anyone who is employed to carry out the investigations will be suitably qualified. The leader of the current team has been in post for over 30 years, the expertise is available as Section 19 investigations take place every year, it is just due to the increased number this time that extra staff are needed.

MHi explained that anyone who had a home flooded could claim a £5K grant from central government to assist with flood mitigation works. In order to access this funding a survey from a recognised company has to be carried out and up to £500 from the £5K grant can be used to pay for the survey, unfortunately none of the recommended companies can provide a full survey for £500, so people will still be out of pocket. It is also estimated that the average cost of flood mitigation works for a property are £10K, so the grant is unlikely to cover all the costs involved. Anyone who has registered with the County or District Councils that they suffered flooding will automatically be contacted when the Section 19 investigation is due to take place in their village.

GB asked about whether the County Council was doing the right thing to be spending about £12 million on a decarbonisation programme in light of the current economic difficulties. MHi explained that some of the capital projects are being elongated to help with cashflow, but it is still the intention to complete the process by 2030 and ultimately it will lead to long term savings as well as helping combat the climate concerns. GB also asked what actions are actually being taken to achieve the Net Zero target. MHi stated that where possible oil fired heating systems in council buildings are being replaced by air source heat pumps and solar panels were also being fitted. There is a specific pot of money for schools to apply to, but unfortunately many of the current school buildings are not suited to the use of air source heat pumps.

GB asked about the loss of staff proposed in the County Council's budget and which departments would be affected. MHi said that they would try to avoid cutting staff on front line services, but ultimately it would be an operational decision.

GB raised concerns about a state of a bridge over the watercourse in Framsdon and when this would likely be repaired. MHi was unable to answer this query fully, but warning signs would be put up if the bridge is deemed dangerous.

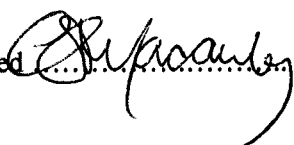

Finally, GB asked about whether Suffolk County Council had any Fujitsu software in use (in light of the Post Office Scandal). MHi understands that Fujitsu software is in use for some keycards, but the software is not in wide use and the County Council's corporate services and IT support team have been monitoring the situation.

MHi noted that following reports of the collapsed sign for the play area and speed limit in the village just before Christmas, he has instructed Suffolk Highways to arrange for a replacement and he would be funding it from his County Councillor sign budget. The signs will also be reviewed along the whole of the A1120, with any existing signage that requires repair being dealt with. CM noted that a sign by Helmingham Primary School is currently twisted round and unreadable by traffic coming along the road, MHi asked that she report this matter using the online reporting tool.

GB questioned the large blue, motorway style sign that suddenly appeared without any warning at Peats Corner, asking why this was put in place without any consultation as it is out of keeping with the area and must have been a significant cost. MHi explained that this is due to the experimental exemption that Eye currently has to prevent lorries driving through the centre of their village. The current traffic order, which resulted in this sign, expires on 6th May. Many local villages have raised concerns and complained that the ban on lorries in Eye has led to lorries being displaced onto wholly unsuitable roads and it was grossly unfair on the residents of these villages. The general consensus of opinion is that load needs to be shared more fairly and no village should be able to unilaterally ban lorries in the way that Eye has done. The experiment has resulted in major problems for other villages and the traffic order is going to be reviewed, so this sign may change.

CM asked about the Suffolk Climate Change Partnership, as a Google search doesn't bring up any specific website. MHi suggested to look at GreenSuffolk.org which would bring up the required information.

CM queried what was behind the massive increase in demand for children's services and adult social care. MHi explained that there are increasing numbers of children in the county with identified education health and

Signed  (Chair of meeting authorising minutes) Signed  (Clerk)

care plans as a result of improved diagnosis and care from medical services. There has also been a significant increase in mental health issues since COVID, with a 23% absentee rate at schools. On the other side, Suffolk is recognised as a desirable place to retire and people are living longer, but often with higher complexity to their needs. Finally, the living wage increase on its own has added £3 million to the costs.

IS commented that he wanted to compliment the County & District Councils for their help in navigating the system of claiming help in the wake of the recent flooding. Along with thanking the local community for their practical help and support.

IS expressed concern that the water course at the rear of the Village Hall garden has a lot of detritus that has washed into it since the storms which needs clearing. IS has pulled a lot out himself, but the arches in the bridge are heavily silted and would need specialist work. GB said that he would be attending the Flood Forum in Debenham later in the month and will be speaking to the Environment Agency representatives about what can be done to clear out local water courses. IS asked whether the Parish Council could write to the Environment Agency about the water course in the village, the consensus of opinion was that this could be done. The Clerk asked that those with specific knowledge provide input and a letter could be collated, approved and sent on behalf of the Parish Council.

FPC 24-01-07 Minutes of previous meetings

The Minutes of the meeting held on Thursday 9th November 2023 as a true and accurate record, were proposed by CM, seconded by DV and **WERE SO RESOLVED**. The Minutes were signed by the Chair and the Clerk.

FPC 24-01-08 Matters Arising and Action Points from Thursday 9th November minutes

1. Submit responses to planning department at District Council as agreed. DISCHARGED
2. Contact Planning Enforcement at the District Council with concerns about a development at Southwood Barns. DISCHARGED – a response was received that a planning application had been submitted on 29th November for the works and is awaiting validation. A further update from the investigating officer received on 8th January is that an invalid reminder letter was sent to the applicant at the end of December, listing the documents that are required to make the application valid. There are four highlighted points that need addressing and until this is done the application will not go live for consultation.
3. Send email out to village asking people to save their scrap metal as a skip will be planned in the new year to raise funds for the village hall again. DISCHARGED
4. Consider ways to provide an Emergency Response network to the village for consideration at the next meeting. DISCHARGED – Unfortunately no realistic alternatives had been put forward.
5. Contact OpenReach about potentially lifting the broadband cabinet on a plinth to protect from future flooding. DISCHARGED – A response has been received, explaining that it would not just be the cabinet that is vulnerable, but that in order to provide connectivity to the cabinet the network infrastructure would be provided by cable chambers and joint boxes located next to the cabinet, which would also be exposed to flood water. Once these chambers and joint boxes start to fill up it would potentially rise into the cabinet even if the cabinet was raised. However, OpenReach engineers are going to look at the site to see what possible mitigations could be put in place.
6. Arrange purchase of a new dog bin. DISCHARGED
7. Send email out to the village asking for volunteers to come forward to set up a Community Speedwatch group. DISCHARGED and to be discussed later in meeting.
8. Consider what amendments may be necessary for the Framsdon Footpath map and send this information direct to GB. ONGOING – GB has forewarned the printers, but nobody has come forward with corrections, but GB has added couple of new items such as the Jubilee Beacon.
9. Obtain quote for reprinting of the Framsdon Footpath map once necessary amendments have been made, ready for consideration at the next meeting. ONGOING
10. Look again at the Climate & Ecology Bill, so that it can be reconsidered at a future meeting. ONGOING – to be put on March agenda.

Signed

..... (Chair of meeting authorising minutes)

Signed

..... (Clerk)

35

11. Send in response to the Suffolk Bus Improvement & Connecting Communities. DISCHARGED
12. Reconsider the wording for the new hire charges at the Village Hall and liaise with the Parish Clerk to circulate any amendments to the information. DISCHARGED – no amendments needed.
13. Publish re-adopted policies on the website as agreed. DISCHARGED
14. To distribute payments as approved at the meeting. DISCHARGED
15. Contact bank to see about adding CM to the mandate. To be discussed later in meeting.
16. Confirm appointment of Internal Auditor for 2023-2024. DISCHARGED
17. Advise PCC of funding application outcome, advise SARS that their funding application is being deferred for further consideration. DISCHARGED

FPC 24-01-09 Planning

a) To consider planning applications that had been submitted since the last meeting:

- i. DC/350520/S5OMTSH01L00 – Application under S73 for the Variation or Removal of a condition following grant of DC/22/05322 dated 15/02/2023 Town & Country Planning Act 1990 (as amended) – Erection of 1 no. dwelling with double garage (following demolition of agricultural barn approved for conversion under DC/22/03389) to vary Condition Number 2 (Approved Plans & Documents) as per revised plans. Red House Farm (Plot 1) Otley Road, IP14 6HU

Councillors had all studied the application in advance of the meeting. After discussion it was decided to submit **NO COMMENT** to the application.

CM proposed, NM seconded, all voted in favour and **IT WAS SO RESOLVED**

- ii. DC/23/05748 – Application for Prior Approval – Agricultural to Dwelling – to determine if Prior Approval is required for a proposed Change of Use of Agricultural Buildings to Dwellinghouses (C3) and for building operations reasonably necessary for conversion. Town & Country Planning (General Permitted Development) (England) Order 2015 as amended Schedule 2, Part 3, Class Q – Conversion of agricultural building to 1 no. dwellinghouse. Agricultural Barn, Boundary Farm, Boundary Corner, IP14 6LH

Councillors had all studied the application in advance of the meeting. After discussion it was decided to **NO COMMENT** to the application, based on the following:

- The work is in the part of Boundary Farm that is Winston parish, so not relevant to Framsdon

GB proposed, DV seconded, all voted in favour and **IT WAS SO RESOLVED**

b) To consider any planning applications which have been submitted since agenda published: None

c) Updates and outcomes on previous planning applications:

- i. DC/23/04874 – Householder Application – Erection of single storey side and rear extensions, with pitched roofs over and glazed gable to side extension with new front door position. Replacement solid insulated roof to existing conservatory. Hill Cottage, Ashfield Road, IP14 6LS - Granted

FPC 24-01-10 Parish Council Activities & Projects

a) To consider co-option to Council - Nobody came forward for co-option. The Clerk confirmed that the vacancy is published on the village website.

b) VHMC Report to include:

- i. Scrap Metal Skip for Village Hall funding – CM confirmed that she will get the skip booked on the same terms as last year. A 'save the date' email has already been circulated to the village, but another will be sent closer to the time (Sunday 24th March)

Signed  (Chair of meeting authorising minutes)

Signed  (Clerk)

- ii. To confirm acceptance of amended proposal from Plug-In Suffolk for EV Charging Point(s) at the Village Hall – The Clerk had been advised that following widespread feedback the new proposal is that instead of the Parish Council taking responsibility for the maintenance and operation of the charging points, Plug-In Suffolk will appoint a Charge Point Operator to manage the infrastructure. In this model the Parish Council would still receive a fully funded EV charge point and potentially a passive income stream from the charger. The EV point would still operate as a community asset, with preferential rates for local residents. This model leaves no liability to the Parish Council and a strong incentive to the Charge Point Operator to ensure that any potential issues are fixed quickly and efficiently.

CM noted that under the new scheme the Parish Council will also receive a payment per parking space for each EV charger – likely to be £100 annual payment – along with a percentage of the income from the charging, but the exact percentage has not yet been fully negotiated. Ultimately though, the Parish Council would not be out of pocket at all under this scheme.

After discussion NM proposed accepting the amended proposal, DV seconded, 2 voted in favour, whilst 1 abstained due to declared interest and **IT WAS SO RESOLVED**. CM will confirm back to Plug-In Suffolk that the proposal can proceed on the amended terms. NM will make contact with UK Power Networks to arrange for upgrade of the electricity supply to cope with the increased load.

- iii. Presentation of revised architects plans and decision on next steps– NM had circulated the different proposals to Councillors ahead of the meeting. There are three options available as drawn up by the architect; 1) Make no changes; 2) Reconfigure the existing building without changing the footprint; 3) Extend the building and reconfigure the rooms. All agreed that either option 2 or 3 would be the best outcome.

NM proposed that in order to move forward the next stage would involve a three-pronged approach consisting of 1) Consulting with the wider village over the proposed plans; 2) Costing up the work for the preferred option – which would require the expertise of a surveyor, possibly through Suffolk ProHelp again; 3) Researching what funding options are available and applying for suitable grants. CM seconded the proposal, all voted in favour to start the process and **IT WAS SO RESOLVED**.

IS queried when it would be necessary to seek approval from the Diocese, as the landlords of the Village Hall. GB offered to speak to a contact and explain that the Parish Council will be undertaking the three-pronged evaluation process, but until a final decision on what sort of reconfiguration and/or extension to the building is agreed full formal approval cannot be realistically sought.

- c) Collation of flooding evidence in preparation for investigative works by Suffolk County Council – In preparation of carrying out Section 19 investigations the County Council has asked parishes to start collecting evidence whilst matters are fresh in everyone's mind, as it is likely that some investigations may not be completed for 18 months to 2 years. The information will then be collated, anonymised and held on file until the Section 19 team make contact to start their work in the village. The Clerk explained that the County Council had provided a template, but as there was not a definitive list of flooded properties it was agreed that the Clerk will send the template out via the Council email list and ask anyone affected to provide what information they can, or to forward the template to anyone they may know who has been flooded for completion. The Clerk will also ask Framsdon Fundraisers to circulate the template to reach as many residents as possible.
- d) Consideration of support for Call for Land for Nature Recovery – The Parish Council does not actually own any land that could be utilised in this way, but agreed in principle to the scheme and an email would be sent out to residents asking for anyone with a suitable site to make contact with the District Council.
- e) Next steps to consider to set up a Community Speedwatch Group – Following the circulation of an email asking for volunteers to come forward, eight people who have shown interest in participating. The Clerk has emailed Suffolk Constabulary to seek advice on the next stages, but to date has not received a reply. It was agreed to defer the matter to the next meeting.

Signed  (Chair of meeting authorising minutes)

Signed  (Clerk)

- f) Meeting Dates for 2024-2025 – After discussion it was agreed to continue with meetings every alternate month on the second Thursday, unless matters arose which necessitated an extra meeting.

It was agreed that the Annual Parish Meeting for 2024 would be done as a separate event again on 11th April. The Clerk will publish the dates on the village website.

2024 – 11th Jan, 14th March, 9th May, 11th July, 12th Sept, 14th Nov
2025 – 9th Jan, 13th March.

- g) Consideration of whether responses are required to recent District Council consultations on:

- i. Draft Scrap Metal Policy 2024-2029 &
- ii. Draft Sexual Entertainment Policy 2024-2029

After discussion it was agreed that no response was needed on either consultation.

- h) Policy Reviews – The Clerk had circulated the policies detailed below:

- i. Freedom of Information Policy & Charges
- ii. Equality & Diversity
- iii. Communication Policy
- iv. General Privacy Policy
- v. Privacy Policy for Staff, Councillors & Role Holders

CM proposed re-adoption for all three policies as circulated. GB seconded, all voted in favour and **IT WAS SO RESOLVED**. The Clerk will publish the adopted policies on the village website

FPC 24-01-11 Finance

- a) To review the Financial Statement for the month, as supplied by the Clerk - The Clerk had previously circulated the Financial Statement for January. There were no queries. CM proposed acceptance, NM seconded and **IT WAS SO RESOLVED**. The Chair signed the corresponding Bank Statements to confirm the figures.
- b) To accept NJC recommended pay settlement, including backdating pay claim to 1st April 2023 – The NJC settlement included backdating the pay to 1st April 2023, CM proposed acceptance of the full terms, DV seconded, all voted in favour and **IT WAS SO RESOLVED**. The Clerk will advise SALC payroll.
- c) To consider applications for funding: CM offered feedback from parishioners who had seen the requests listed on the agenda that the Parish Council should not be using money raised through the precept to hand out donations to charities.

The Clerk explained that all Parish Councils have the power to support charitable groups via Section 137, but it is a requirement that Councillors can be satisfied that the charitable group in question is providing a tangible benefit to the parish residents. There is also a strict cap on how much could be donated in this way and it is a legitimate way in which local charitable groups seek funding. The difficulty arises in evidencing the direct benefit, particularly with some more sensitive areas of charitable work.

After discussion it was agreed to circulate the requests for help and support to residents via the email system, so that anyone who wishes to make a private donation to the charities can do so. Alongside this information residents will be asked to make contact with the Parish Council if they feel that there is a strong case that the Parish Council should be supporting these charities. Any information will be dealt with in the strictest confidence.

- i. Reconsideration of application for funding from Suffolk Accident Rescue Service (deferred from November meeting) – see note above
- ii. To consider request from Citizen's Advice Mid Suffolk for a contribution towards their work – see note above
- iii. To consider request from Headway Suffolk for a contribution towards their work – see note above
- iv. To consider request from Lighthouse Women's Aid for a contribution towards their work – see note above

Signed  (Chair of meeting authorising minutes) Signed  (Clerk)

38

- d) To review and reconfirm for the forthcoming year the Direct Debit & Standing Order instructions on the Parish Council bank account – The Clerk had circulated a schedule of payment instructions. Three were related to utility services at the Village Hall and the payments are currently within agreed budget parameters. Other payments are annual lease/subscription payments for the Hall, Play Area, Website and Data Protection registration. Following review DV proposed confirmation and no changes to be made, NM seconded, all voted in favour and **IT WAS SO RESOLVED**.
- e) To Set Budget for 2024-2025 – The Clerk had circulated a V3 draft budget for the Council to consider. After discussion it was agreed to raise the precept by 1.9% overall (£193 across the whole village) to cover increasing costs. GB proposed adoption of the budget as amended, NM seconded and **IT WAS SO RESOLVED**. The Clerk will arrange for the approved Budget to be published on the website.
- f) To Agree Precept for 2024-2025 – Following adoption of the budget the Precept was set at £10,322 for 2024-2025, CM proposed, GB seconded and **IT WAS SO RESOLVED**. The Clerk will complete and return the form to the District Council.
- g) To agree payments as detailed on Payment Schedule - CM proposed authorisation, DV seconded and **IT WAS SO RESOLVED**. The Clerk will set up payments accordingly.
- h) To confirm changes to Bank Mandate as agreed at November meeting and sign off – The Clerk had believed that only two people were authorised on the bank mandate (herself and GB), as they were the only two who appeared to have access to online banking. Upon enquiring at the bank to add CM to the mandate it became clear that CM was already an authorised signatory and therefore just needed to have online access activated. However, the authorised signatories on the account currently only showed GB, CM and another Councillor who has resigned, meaning only two authorised signatories were available to sign instructions to the bank. Therefore, the bank suggested aligning access and authorisation, to avoid having to provide additional ID documents and so an authority form to add the Clerk to the mandate as an authorised signatory and to activate CM with online banking had been generated. The form will also enable the removal of the resigned Councillor. Additionally, whilst checking the access and authorisation the bank had identified a previous Clerk who had not accessed the account since 2015 and so this person has now been removed due to inactivity. DV proposed the final mandate change, IS seconded, all voted in favour and **IT WAS SO RESOLVED**. The form was signed by CM and GB, being the only two current authorised signatories and the Clerk will return it to the bank for actioning.

FPC 24-01-12 Matters of urgency to be brought to the attention of the Council

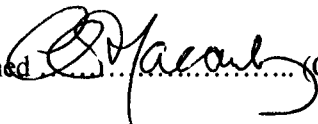

- a) Postbox in Framsdén – IS reported concerns about the way in which plant material is overgrowing the postbox in Framsdén. Upon investigation it is clear that this is not a matter within the remit of the Parish Council, but that should a post delivery person become concerned about the matter it should be reported back to Royal Mail at their depot. Although Royal Mail does not own the land on which the postbox is sited they are empowered to carry out maintenance to ensure that the postbox is functional.
- b) Items for next agenda:
- Consideration of rejoining the Wildlife Trust
 - Plans to celebrate the 80th Anniversary of D-Day
 - Update on Doberman Inn
 - Car Parking for Play Area
 - Community Speedwatch Next Steps
 - Infrared Panel Heaters for the Village Hall
 - Review Climate & Ecology Bill

FPC 24-01-13 Confidential Matters

None

Items for the March Agenda – please notify the Clerk of any further items for the agenda as soon as possible and by Monday 4th March 2024 at the latest, with any accompanying paperwork ready to be circulated with the agenda upon publication.

There being no further business requiring the attention of the Parish Council, the meeting was closed at 9.27pm. The next Parish Council meeting is set for **Thursday 14th March 2024** at 7.30pm, in Framsdén Village Hall

Signed  (Chair of meeting authorising minutes) Signed  (Clerk)
